President’s Cabinet Minutes
November 10, 2014

I. Human Resources
- An EAR to reclassify the Senior Manager of Grants position was presented. Fran will provide Dr. Mojock with further financial analysis of the MA4 class and who might be affected.
- Cabinet discussed a couple of legal matters regarding employment and instructed Fran to speak with our Labor Attorney for advice.

II. Planning and Budgeting
- Cabinet spoke with Thom Kieft and went over changes in the proposed 2015-2016 personnel calendar. Essentially, a new date for Fall Graduation was added and a duty day for faculty was changed in August to account for this extra date. Cabinet agreed not to take this forward to the Board until January which will allow more time to review these changes.
- Cabinet agreed to use a 4pm and 7pm start time for Graduation ceremonies on May 1, 2015.
- Cabinet agreed again to have the Collegiate High School agreements ready for the January, 2015 Board meeting.

III. Facilities
- Cabinet agreed to look at repurposing the TV lounge at Sumter into a “swing” office for Francine and Dr. Searle.

IV. Rules and Procedures
- Gary still has a little bit of work to include in PRO 5.15 before it comes back to Cabinet for approval.

V. Miscellaneous
- There was discussion about having returning students register for the following fall in April rather than waiting until July, 2015.
- There was also discussion on withdrawal data and what we can learn from this data (comparison to other years, in what disciplines, influence of Dev. Ed. Changes, etc.).
