

PHYSICAL EXPECTATIONS

Not a requirement for program application.

Not intended to limit acceptance to program.

Reflects abilities necessary for:

- enrolled students to complete skills in clinical courses/settings
- program graduates to practice as registered nurses

Physical Expectations:

- walk and stand most of the work day
- lift and carry 50 pounds without assistance; push or pull 100 pounds
- reach overhead, twist, bend, crouch, stoop, kneel, climb, balance
- handle, finger, pinch, grip, hold objects, keyboarding
- good field of vision including near/far acuity and good depth perception
- track, see and hear in a distraction-filled environment
- work extended periods without relief

Students with limitations in these areas may contact **LSSC Student Accessibility Services (SAS)** for available services and accommodations.
