

**LAKE-SUMTER STATE COLLEGE**

**BOARD RULE**

---

**TITLE:** Information Systems Resources **NUMBER:** 2.16

---

**AUTHORITY:** Florida Statutes 282.3031; 1001.64 (4b) (45); 1007.28 **PAGE:** 1 of 1

---

**DATE ADOPTED:** 6/19/02

---

**REFER TO PROCEDURE:** PRO 7-06

---

1. The District Board shall provide Information Systems resources to facilitate the institution's ability to carry out its mission and to facilitate communication among employees, students and the public.
2. All electronic communication systems and all communications and information transmitted, received, or contained in the college's Information Systems are the property of Lake-Sumter State College and are public record.
3. The college's Information Systems resources shall be used in a responsible, efficient, ethical and legal manner.
4. The President or designee is directed to ensure that all users are informed of and agree to abide by the Acceptable Use Rules for Information Systems Resources (Procedure 7-06) as a condition of receiving an account on the LSSC network or accessing Information Systems resources.
5. Inappropriate use of the college's Information Systems resources may elicit revocation of the privilege and other disciplinary actions deemed appropriate.
6. To ensure that use of the college's Information Systems and other electronic communications systems is consistent with the college's legitimate business interests, the District Board directs the President or designee to monitor such resources.
