REFER TO PROCEDURE NUMBER:

1. Fee Exemptions

To the extent required by law, registration fees (defined to include all fees normally collected as part of the registration process) will not be assessed for those categories of students specifically exempted by Florida Statutes and State Board of Education Rules, including students who are enrolled under dual enrollment and early admission agreements between the College and the school districts in its service area.

2. Fee Waivers

- a. Registration fees shall be waived as required by law for those students designated to receive waivers by Florida Statutes and State Board of Education Rules.
- b. The President or designee is authorized to grant waivers of all registration fees for up to 1600 student semester hours per academic year.
 - 1) The basis for dissemination of these waivers shall be at the discretion of the President or designee.
 - 2) A list shall be maintained of the recipients, the amount of fees waived for each, and the basis for each waiver.

3. Other forms of Non-Payment of Fees

While ineligible for either exemptions of waivers, unless individually approved by the District Board, other classes of students may be eligible for scholarships paid from Auxiliary Enterprise fund earnings (see Rule 6.08) or reimbursement from Staff and Program Development funds (see Rule 6.16). Such students may include employees, and spouses or dependents of employees.
