# Transition Fairs

## For Families of Students with Disabilities

These fairs assist with the transition of individuals with disabilities into adult roles as successful learners, wage earners and intricate members of our communities.

*Presented by Student Accessibility Services at Lake-Sumter State College in collaboration with Lake County Interagency Transition Council.*

## Independent Living, Job Training, Support Services and More!

Students and parents are invited to attend these events to find out more about Adult Independent Living, Education, Job Training/Opportunities, Finances and Guardianship, Health Services, Rights and Responsibilities, Social Security, and support services.

Representatives from organizations such as Vocational Rehabilitation, UCF CARD, Family Network on Disabilities, Lake Technical College, Lake County Schools, Project 10, Career Source of Central Florida, Building Blocks Ministries, New Vision, and several more organizations will be in attendance to answer questions and give information to assist with transitioning.
